

Download Art Therapy Happiness Depression Performing

The following is a slideshow presentation about performing arts therapy and geriatrics from Dr. D. Dutta Roy from the Psychology Research Unit at the Indian Statistical Institute in Kolkata. "Art Therapy" is a documentary exploring the use of art as therapy. It contains personal stories about people healing through artistic expression. Music therapy is the use of music to improve clients' quality of life. Music therapy is an evidence-based, clinical use of music interventions. At Bergen County Therapy, we truly pride ourselves on the meaningful and powerful relationships we build with our clients. We value and respect every person who comes to us seeking professional care as an individual with unique needs, a unique history and equally unique strengths., Art Therapy Happiness Depression Performing.
