You can't maximize your potential if you don't have sufficient energy during the day. Rest is vital and so often overlooked. Finding strategies to rest and relax is just as powerful as our strategies to be more productive. Once you've decided that you have potential, you must recognize that maximizing it happens when you take calculated and unpopular risks. The reason the 1% of the world is at the top isn't ...As psychotherapists, we have a combined total of over 65 years of experience helping people maximize their potential. The good news is most of our patients have succeeded far beyond their wildest dreams. The bad news is they've never succeeded without having to fight—hard. Be realistic: if fulfilli
